SAFETY FIRST!

How to avoid catching or spreading coronavirus (COVID-19)¹

Do

- Wash your hands with soap and water often – do this for at least 20 seconds
- Always wash your hands when you get home or to work
- Use hand sanitizer gel if soap and water are not available
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- Use tissues only once, throw them away after use, and wash your hands afterwards
- Try to avoid close contact with people who are unwell

Don't

- Touch your eyes, nose, or mouth if your hands are not clean

Notify Production Management If

- You have a fever, cough, or shortness of breath
- You have traveled to a region categorized by the U.S. Center for Disease Control (CDC) Level 3 for risk of COVID-19 transmission within the past 14 days. Up to date information can be found [here](#)
- You have had close contact with a person known to have COVID-19
- You have any reason to think you may have been exposed to COVID-19
